EDUCATION

Bachelor's of Science, Computer Science
University of Cincinnati, Cincinnati, OH

Expected Graduation: December 2027

RELEVANT COURSE WORK

- C++ Programming, Python Programming, Data Structures, Computer Systems, ETR Certification (Engineering, Technology, and Robotics)

SKILLS

Computer: C++, C#, Python, Java, JavaScript, MySQL & Microsoft SQL server
Language: English (Native), Intermediate Spanish (B1), Intermediate Japanese (N2)

WORK EXPERIENCE

Experiential Exploration Program — CRUD API using C# & SQL February 2024-April 2024

- Developed a CRUD API using .NET 6 and Dapper to facilitate seamless communication between a User SQL database and a Blazor client interface
- Implemented Create, Read, Update, and Delete functionalities to manage user data effectively within the application ecosystem
- Utilized C# programming language along with Dapper ORM to streamline database operations and enhance performance

Experiential Exploration Program — “Contact me” Website December 2023-February 2024

- Designed and developed a resume website featuring i18n internationalization support, utilizing HTML, CSS, and JavaScript
- Implemented a visually appealing Neomorphism theme with animated background elements, enhancing user engagement and aesthetic appeal
- Incorporated personal contact information and resume download functionality for seamless accessibility.
- Provided language support for English, Japanese, and Spanish, catering to diverse audiences, and enhancing accessibility
- Deployed and hosted the website using GitHub Pages, ensuring widespread availability and accessibility

UPS, 11141 Canal Rd — Seasonal Driver helper Winter 2022 & Winter 2023

- Assisted drivers in delivering packages efficiently and safely during peak seasons
- Loaded and unloaded delivery vehicles, ensuring packages were secure and organized for transport
- Provided exceptional customer service by assisting with package inquiries and deliveries
- Worked effectively in a fast-paced environment to meet tight delivery schedules
- Maintained a high level of accuracy in sorting and delivering packages to designated locations

USA Ninja Challenge, 4727 Red Bank Rd — Coach/Instructor January 2022 - April 2023

- Taught children aged 4-17 parkour skills, such as walking on a large rolling barrel, swinging rope to rope, and walking across a slackline
- Provided motivation and personalized guidance to help each child succeed in their challenges

Seeking Co-op/internship Fall: 2024
